

MEETING Minutes
Faculty Senate Integrative Learning Core Committee
October 9, 2023
Academic Affairs Conference Room, 135F Thomas Boyd Hall

Present: Aly Aly, David Chicoine, Ludovico Geymonat (Chair), Haosheng Huang, Kyla Kazuschyk (Vice Chair), William Ma, Kenneth Matthews. **Ex-Officio:** Tricia Cobb, Tara Rose
Absent: Kayanush Aryana, Suzy Caleo, Charlie Goodman, Laura Piestrzynski, Fanny Ramirez, Jason Wolfe

Minutes:

Meeting was called to order at 1:07pm. Attendees signed the roll. No public attendance or comments.

Jackie Bach could not attend the meeting, so the Board of Regents update was postponed to the November meeting.

Minutes from the September 12, 2023, meeting were approved as written.

Course proposals for ENV5 2127 and HNRS 2010 were rated as ‘Approve with Modification’ by the reviewers; the response to the modification forms were deemed acceptable by the reviewers. The committee approved these course proposals.

A proposal to drop PHIL 1001 was discussed. This course has not been taught in several years. It is an honors version of another ILC course; the unit’s proposal indicated no pressing need to continue the course under ILC. The committee voted to accept the proposal to drop PHIL 1001 from ILC.

An assessment change form for GEOL 1201 was discussed. The proposal is to use only the laboratory parts of GEOL 1201 (~30% of course material) for the assessment, because the lab part is the most relevant to the assessment dimensions. The assessment change was approved by the committee.

A quorum of attendees was lost at 1:30pm, so the remaining agenda items (reviewing instructor responses for ILC courses not offered in 2023-2024; ongoing editing to ILC FAQs) were discussed but no actions were taken.

The meeting adjourned at 1:35pm.
